**BOOSTING YOUR
BUSINESS**

For you and your company

ladedec.fi/en

For operating businesses

Increase your sales! Itching to enter a new market? Fix your funding and finances! We help your company with daily tasks and challenges, innovating and developing your business, as well as with internationalisation.

We can help and advise your company for instance on

- Financing & funding
- Preparing a sales development plan
- Changes of ownership and succession
- Challenges and some crises in your business
- Product planning or business development projects
- Finding partners and service providers
- Utilising design and digitalisation for boosting your business

"LADEC was of invaluable assistance to us, particularly in understanding the design perspective and advising us on funding."

TONI KUUSISTO | DINOXSPORTS OY

For starting entrepreneurs

Don't try and think about everything on your own. Ensure a great start for your business! We will advise and assist you in all practical matters related to starting a business and daily routines. Personally, in confidence and for free.

Our start-up advisors will help you for instance

- In recognising your expertise and potential business ideas
- In clarifying and repairing your business plan and business idea
- With profitability calculations
- With choosing the right business entity
- To apply for funding

We are part of the network of Finnish Enterprise Agencies, and our consulting services comply with the network's ISO 9001 certified consulting process. About 80 % of the companies started through our service are operational after 5 years.

"We help more than 200 entrepreneurs start their journey every year. You can come to us for advice with a potential or a complete business idea."

Relocate to the Lahti Region

The Lahti Region has room for new businesses and ideas! A great place for your company to grow thanks to the excellent location near a growing market, high availability of workforce, inexpensive premises and strong business networks.

Start, expand or relocate your business in the Lahti Region! We will make your relocation easy. Contact us: we will compile a customised all-inclusive relocation service package for your company.

The service package may include

- Survey and presentation of vacant business properties, business areas and plots
- Survey of suitable partners, subcontractors and employees
- Guidance and advice on applying for funding, as well as starting, growing and internationalising a business
- Guidance on matters related to housing, recreation, children's day care services and schools

"LADEC has looked for suitable premises for us and helped us with recruitment, among other things. We've received more assistance than what we even thought to ask for."

JYRI RAHIKAINEN | COMMUNICARE FINLAND
